DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:

Group I. Claims 1-15 are drawn to the structure of the power generator and is classified in class 310, subclass 214.

Group II. Claims 16- 20 are drawn to the method of using a wedge for a power generator and is classified in class 29, subclass 596.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions of Group I and Group II are related as apparatus and product made. The inventions in this relationship are distinct if either or both of the following can be shown: (1) that the apparatus as claimed is not an obvious apparatus for making the product and the apparatus can be used for making a different product or (2) that the product as claimed can be made by another and materially different apparatus (MPEP § 806.05(g)). In this case the product can be made by a different apparatus such as a winch, crank, or hoisting machine.
